

### A Word from Sue Jeskewitz:

Dear Friend,

I've known Dan Knodl since his years in high school at Falls East. He is an honest, hard working family man and businessman. He will be a positive and productive representative for all of us in Madison.

He has admitted and apologized for his campaign literature mistakes. I have accepted his apology and forgiven him. I want Dan working for me in Madison. He is the candidate that would best represent the citizens of our assembly district.

It has been a privilege and an honor to serve you in the State Legislature. Thank you for your many years of support.
